### Activity Report

**Name of the activity:** Celebration of Dr. B. R. Ambedkar Jayanti

**Day and Date:** Wednesday, 13<sup>th</sup> April 2022

**Venue-** Seminar Hall, GES's Sir Dr. M. S. Gosavi College of Pharm. Edu. & Res. Nashik-5

- To commemorate the birth anniversary of Dr. B. R. Ambedkar, who was a social reformer, jurist, economist, and the architect of the Indian Constitution, GES's Sir Dr. M. S. Gosavi College of Pharm. Edu. & Res. has organized the program on Wednesday, 13<sup>th</sup> April 2022 at the seminar hall of the college (due to holiday on Thursday, 14<sup>th</sup> April 2022).
- The program was witnessed with Mr. Raosaheb Ghegade- Program Officer (PO) NSS Unit, Dr. S. S. Harak, Mrs. S. P. Shelke and Mr. S. R. Purkar, Assistant Prof. Dept. of Pharm. Chemistry, and the distinguished faculty and staff members, and students of college. Mr. S. R. Purkar welcoming the dignitaries on the dais, faculty and staff members, and students of college. The celebration began with singing of the national anthem.
- Dr. B. R. Ambedkar's life and contributions to the nation's building were discussed in a speech by Mr. S. R. Purkar. In his remarks, he emphasised that Dr. B.R. Ambedkar was a fierce advocate for justice, equality, and fraternity. He put in a lot of effort to end untouchability, social inequity, and caste-based prejudice in Indian society. Ambedkar, who was instrumental in the formulation of the Indian Constitution, was the first Indian to earn a doctorate in economics from a foreign university. In addition to being a time for celebration, Ambedkar Jayanti offers

Indians a chance to consider his morals and teachings. His message of equality and social justice remains relevant in contemporary times and inspires many people to work towards a more inclusive and just society.

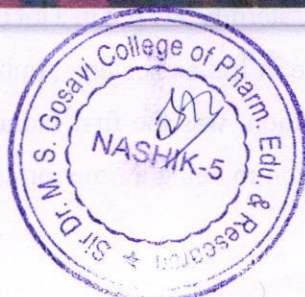

- The celebration was concluded by national anthem and vote of thank.

### Celebration of 'No Vehicle Day'

In the institute 'No Vehicle Day' was celebrated on account of 'World Earth Day' on Friday, 22 April 2022. During the day, faculty/ staff members and students used an alternative modes of transportation, such as walking, cycling, carpooling, or public transportation, instead of driving their own vehicles. This event was typically organized as part of a larger environmental initiative, such as a green campus initiative, which aims to reduce the carbon footprint and promote sustainable practices on campus. The implementation of 'No Vehicle Day' have significant benefits for both the environment and the community. It can help reduce air pollution, noise pollution, and traffic congestion, which can contribute to a healthier and more sustainable environment. Additionally, it can promote a sense of community and encourage individuals to engage in physical activity, which can have positive effects on mental and physical health.

**A Report on Hygiene During Menstruation Program**

Menstruation is a phenomenon unique to girls. However, it has always been surrounded by taboos and myths that exclude women from many aspects of socio-cultural life. In India, the topic has been a taboo until date. Such taboos about menstruation present in many societies impact on girls' and women's emotional state, mentality and lifestyle and most importantly, health. The challenge, of addressing the socio-cultural taboos and beliefs in menstruation, is further compounded by the low girls' knowledge levels and understandings of puberty, menstruation, and reproductive health. Thus, there is the need to follow a strategic approach in combating these issues.

On the occasion of International Women's day GES'S Students were taking initiative on 19 March 2022 to spread awareness in young girls in society as well as the women in rural places by giving sanitary pads to encourage them to use them instead of cloth. So the Students taught how to use and discard sanitary napkins as well as how to take care of hygiene during menstruation. Girls should be educated in maintaining the highest level of hygiene during periods. Also girl student of our college raise awareness in village women about poor menstrual hygiene practices which may cause reproductive and urinary tract infections in addition to rashes, itching, foul odour, and many other reproductive health morbidities. Poor menstrual hygiene management can also compromise women's educational and economic opportunities.

Our girl students went to door step of each women those who still have taboos and myth about using sanitary napkins to let them understand the importance of safety and Hygeine.

### A Report on Street Play on World Leprosy Day

The Rural development generally refers to the socio-economic development of the people living in the rural areas. When we say rural areas, it can be defined as a geographical location that is situated away from towns and cities. Such areas are generally sparsely populated and have lesser number of facilities. And because of less number of facilities these people are uneducated and not lack of knowledge.

The daily changing and modernization in life most of people are suffering by number of problems such as from major health issues, emotional burdens, economical problems, stress, lack of family support and issues etc. though they are educated. So being a pharmacy profession our college students were thinking time for a change by approaching through street play so that integrated treatment can dramatically improve patient health and quality of life.

Students of MSGCOPER were conducted a street play on Leprosy on the occasion of World Leprosy Day i.e., on 30/01/2022

### Activity Report

**Name of the activity:** Celebration of National Science Day

**Day and Date:** Monday, 28<sup>th</sup> February 2022

**Venue-** Seminar Hall, GES's Sir Dr. M. S. Gosavi College of Pharm. Edu. & Res. Nashik-5

- GES's Sir Dr. M. S. Gosavi College of Pharm. Edu. & Res. has celebrated National Science Day Monday, 28<sup>th</sup> February 2022. The program was witnessed with Mr. Vishal B. Jadhav, Assistant Professor, Pharmacology and Mrs. S. P. Shelke, Assistant Professor, Pharmaceutical Analysis, and students of college.
- Mr. Vishal B. Jadhav expressed his views on the said theme of National Science Day. He said that "Science for the People and the People for Science" is a slogan that emphasizes the importance of science being accessible to everyone, and that people should be empowered to use scientific knowledge to improve their lives and the world around them. The idea behind this slogan is that science should not be limited to academic or scientific communities, but rather should be integrated into everyday life and decision-making. This requires scientists to communicate their research in a clear and understandable way to the general public, and for the public to have access to scientific information and be able to participate in scientific discussions. On the other hand, the "People for Science" part of the slogan recognizes that scientific progress depends on the active involvement and support of the broader community. Citizens can contribute to science in various ways, such as participating in research studies, providing feedback and suggestions for scientific projects, and advocating for policies that prioritize scientific research and education. Overall, "Science for the People and the People for Science" represents the idea that science is a collaborative effort that benefits everyone, and that it is important to work towards a society where scientific knowledge is widely available, understood, and used for the betterment of humanity.
- Mrs. S. P. Shelke briefly commemorate the announcement of the discovery of the "Raman Effect" on the day. He said that The Raman Effect was the discovery which won physicist Sir CV Raman his Nobel Prize in 1930. Conducting a deceptively simple experiment, Raman discovered that when a stream of light passes through a liquid, a fraction of the light

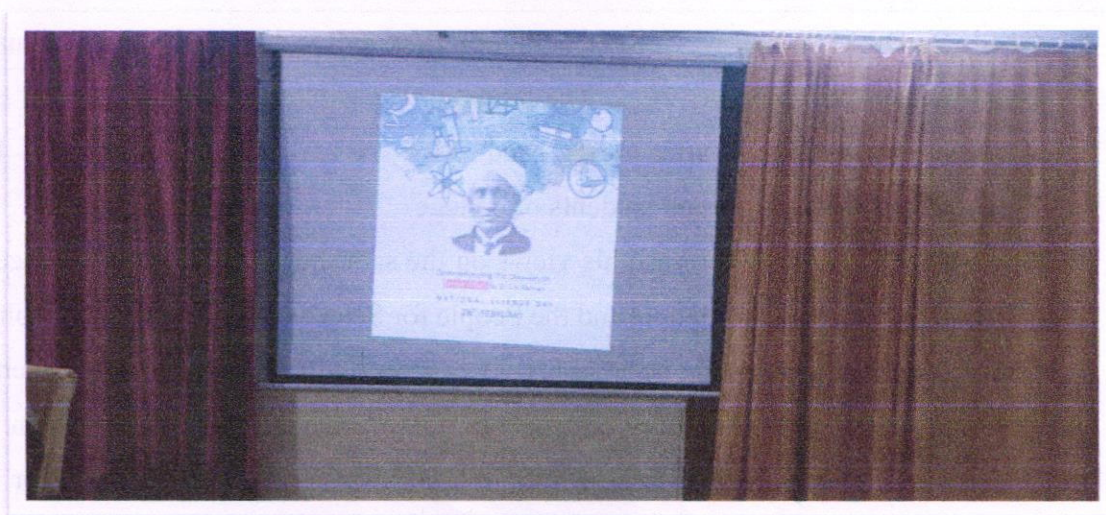

scattered by the liquid is of a different colour. This discovery was immediately recognised as ground-breaking in the scientific community, being the subject of over 700 papers in the first seven years after its announcement.

- Mr. Saurav Suryawanshi, Student of S. Y. B. Pharm. expressed his views on conduct of program.

### Activity Report

**Name of the activity:** Celebration of World AIDS Day

**Day and Date:** Wednesday, 01 December 2021

**Venue-** Seminar Hall, GES's Sir Dr. M. S. Gosavi College of Pharm. Edu. & Res. Nashik-5

- GES's Sir Dr. M. S. Gosavi College of Pharm. Edu. & Res. has celebrated World AIDS Day Wednesday, December 01, 2021.
- The program was witnessed with Vice Principal Dr. P. L. Pingale, Mr. Raosaheb Ghegade, Program Officer (PO) NSS Unit, Dr. D. R. Mali, Mr. S. R. Purkar- Assistant Professor, Department of Pharm. Chemistry, and Mr. Vishal B. Jadhav, Assistant Professor, Department of Pharmacology.
- On World AIDS Day, Mr. Raosaheb Ghegade, a programme officer (PO) for the NSS Unit, gave his opinion. According to him, December 1<sup>st</sup> was designated as World AIDS Day to promote awareness of the AIDS pandemic brought on by the spread of HIV infection. Since it was first marked in 1988, the day has been acknowledged as a chance to bring people together in the battle against HIV, offer support for those who are infected, and remember those who have passed away from AIDS-related illnesses. Every year, World AIDS Day has a distinct theme that focuses on a particular component of the HIV/AIDS pandemic. On World AIDS Day, the red ribbon is frequently worn to raise awareness of the pandemic and

to demonstrate solidarity with those it has touched. It is also a well-known symbol of support for those who are living with HIV/AIDS.

- The pathophysiological and pharmacological perspectives of HIV-AIDS were discussed with the students by Mr. Vishal Jadhav, Assistant Professor, Department of Pharmacology. He emphasises on the causes of the disease's spread and the precautions that can be taken to defend against it during his address.

### **International Cycle Day Celebration**

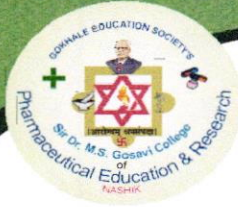

According to the World Health Organization (WHO), safe infrastructure for walking and cycling is also a pathway for achieving greater health equity. For the poorest urban sector, who often cannot afford private vehicles, walking and cycling can provide a form of transport while reducing the risk of heart disease, stroke, certain cancers, diabetes, and even death. World Bicycle Day draws attention to the benefits of using the bicycle - a simple, affordable, clean and environmentally fit sustainable means of transportation. The bicycle contributes to cleaner air and less congestion and makes education, health care and other social services more accessible to the most vulnerable populations. Institute celebrate the world bicycle day (June 3) as a part of green campus initiative.

**A Report on Menstrual Hygiene Awareness Program**

On the occasion of International Women's day GES'S Students were taking initiative on 12 March 2021 to spread awareness in young girls in society as well as the women in rural places by giving sanitary pads to encourage them to use them instead of cloth. So the girl students of college visited gawalwadi village, tal. Dindori, Nashik and taught how to use and discard sanitary napkins as well as how to take care of hygiene during menstruation to village girls and women. They also raise awareness in village women about poor menstrual hygiene practices which may cause reproductive and urinary tract infections in addition to rashes, itching, foul odour, and many other reproductive health morbidities. Poor menstrual hygiene management can also compromise women's educational and economic opportunities.

Our girl students went to door step of each woman those who still have taboos and myth about using sanitary napkins to let them understand the importance of safety and Hygeine.

### A Report on World Wetlands Day Celebration

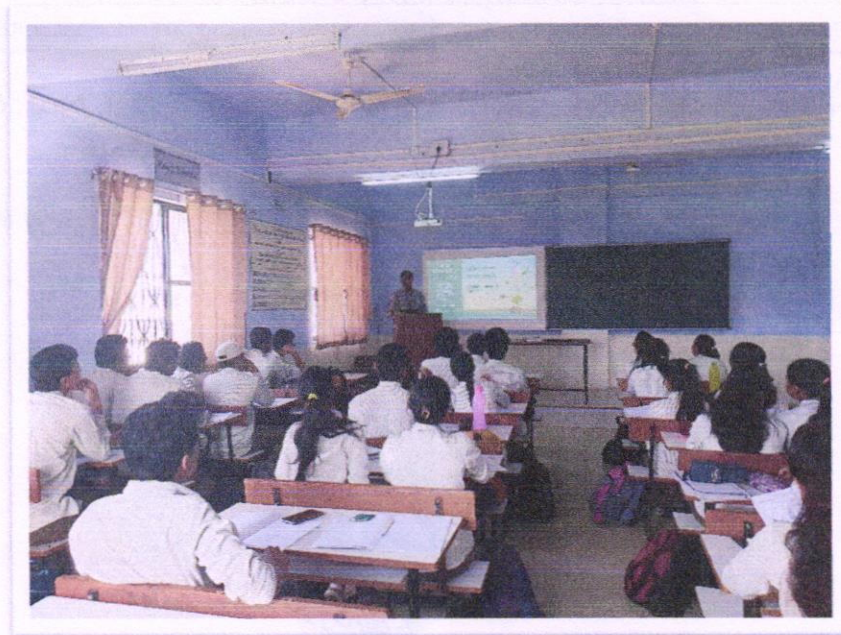

Gokhale Education Society's Sir Dr. M. S. Gosavi College of Pharmaceutical Education and Research, Nashik celebrated World Wetlands Day on 02 February 2020. The theme for World Wetlands Day 2020 was "Wetlands and Biodiversity."

Mr. Sahebrao S. Boraste SDO of college took an initiative to celebrate the day. He gave his expert opinion on the theme. He highlighted the following points in his presentation-

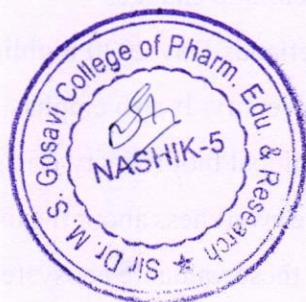

- World Wetlands Day is celebrated every year on February 2nd to raise awareness about the importance of wetlands for the environment and human well-being.
- Wetlands are crucial habitats for many species of plants and animals, and they also provide important ecosystem services such as water purification, flood control, and carbon sequestration. However, wetlands are under threat from human activities such as land-use changes, pollution, and climate change.
- The theme of World Wetlands Day 2020 highlights the importance of preserving wetlands as vital habitats for biodiversity. It also emphasizes the need to protect and restore wetlands as a way to address the global biodiversity crisis.
- The events aimed to raise awareness about the importance of wetlands and encourage people to take action to protect these valuable ecosystems.

### A Report on Republic Day Celebration

Gokhale Education Society celebrated 70<sup>th</sup> Republic day on 26<sup>th</sup> January 2020. All the staff and students of Nashik region gathered at the sports ground of college road campus of the society. 32 staff and more than 100 students of Sir Dr. M. S. Gosavi College of Pharmaceutical Education and research were present. The programme started with hosting if Indian flag by Secretary of the society Sir Dr. M. S. Gosavi Sir.

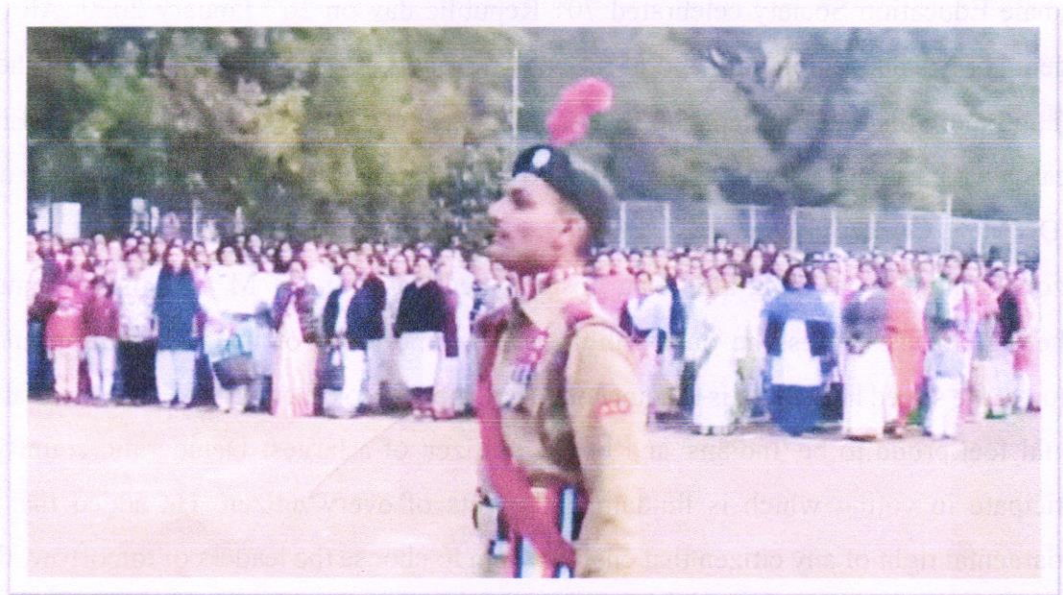

National Anthem was sung after flag hosting. Secretary Sir Dr. M. S. Gosavi Sir addressed the gathering. In his address he on highlighted the importance of the Constitution and its unique features. He stated how India is unique country compared to others. He pointed out that the students should feel proud to be 'Indians' and being a citizen of a largest Democratic country, all should participate in voting which is fundamental rights of every citizen. He added that Voting is a fundamental right of any citizen that enables them to choose the leaders of tomorrow, the minimum age for voting is 18 years. Voting not only enables the citizens to vote for political parties, but it also helps them to realize the importance of citizenship. Many people do not vote thinking one vote will not make a change. He also focused that Voting is as much a responsibility as it is a right and also an honour.

In his concluding speech he appealed all the staff of different colleges to register students for their names in voting list who have crossed 18 years of age. He also appealed students vote and be responsible citizen of India by voting best candidate and help in national building process.

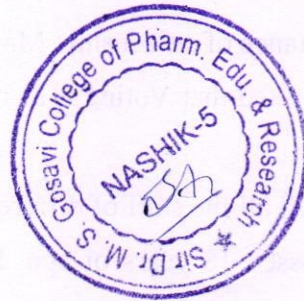

The gathering concluded with activities of NCC and dance programmes by school kids.

### Report on National Voters Day Celebration

In GES's Sir Dr. M. S. Gosavi College of Pharmaceutical Education & Research, Indian National Voters Day was celebrated on January 25, 2020 to mark the foundation day of the Election Commission of India, which was established on January 25, 1950.

Mr. Raosaheb Y. Ghegade, Assistant Professor, Department of Pharmacognosy, delivered a professional lecture. He emphasised the value of democracy in creating a strong country. He added that the purpose of the day is to celebrate voting as a fundamental right of Indian residents, encourage more people to register to vote, and promote awareness of the value of voting. National Voters Day was first observed in 2011 and has been observed every year thereafter. New voters are registered on this day, while those who are already enrolled are asked to cast their ballots. The National Voters Day aims to emphasise how crucial it is for voters to be aware of their rights, watch out for fraud, and ensure a secure and peaceful election process. The National Voters Day event is a critical step in enhancing Indian democracy and guaranteeing that every person can participate in the political process.

The program was concluded by the vote of thank by Mrs. S. P. Shelke, Assistant Professor, Department of Pharm. Chemistry.

**A campaign on safe use of medicine at Matori Village (Nashik)**

A campaign on safe use of medicine was organised at Matori village in Nashik region on 29<sup>th</sup> December 2019..The people of Matori village were requested to gather together at the community hall of the village at 9:00 am in the morning. A team of Doctor, faculties of the college and pharmacy students counselled the people on different points and issues related to safe usage of medicine.

The aim of the campaign was to promote the safe use of medicine within our village community. By raising awareness about proper medication practices, potential risks, and effective storage and disposal methods, we can empower individuals to make informed decisions regarding their health and safeguard their well-being.

The people of the village were given information regarding

1. Understand your medicine: Know the purpose, dosage, and potential side effects of the medicine you are taking.
2. Consult healthcare professionals: Seek guidance from doctors, pharmacists, or other trained medical personnel for proper prescription, usage, and clarification of doubts.
3. Follow instructions carefully: Adhere to prescribed dosages, and complete the full course of medication.
4. Store medications properly: Keep medicines in cool, dry places away from direct sunlight, moisture, and reach of children.
5. Dispose of medications safely: Do not flush or throw medicines in the trash. Follow appropriate disposal methods recommended by local authorities or pharmacies.

### A Report on Aids Awareness Rally

Aids rally was organised by Gokhale education society Sir Dr M.S. Gosavi college of Pharmaceutical Education & Research on Monday, 2<sup>nd</sup> December 2019. The Objective of the AIDS awareness rally was to educate the public about HIV/AIDS, address the prevailing stigma associated with the disease, and encourage responsible behaviour to prevent its transmission. The rally started from college campus with more than 80 students and 5 faculties moving through the streets of college road, Canada corner and Gangapur road passing from shops, colleges, schools, hospitals and residential complexes.

The AIDS awareness rally organized by college students made a significant impact on the community. By fostering dialogue, dispelling myths, and promoting responsible behaviour, the event played a pivotal role in raising awareness about HIV/AIDS. Attendees, including students, faculty, and members of the public, gained a better understanding of the disease and the challenges faced by individuals living with HIV/AIDS.

The rally concluded when the rally again reached the college entrance. Principal Dr. S.V. Amrutkar thanked students for participating in such event. The rally was dispersed after national anthem. Refreshment was provided to students who were involved in the rally.

**A Report on Street Play on AIDS awareness**

Sir Dr. M.S.Gosavi College of Pharmaceutical Education and Research has organized a street play on AIDS awareness on the occasion of World AIDS Day i.e. on 1/12/2019. The activity was conducted in the rural area of Gawalwadi village, Nashik. NSS volunteer students participated in this activity.

The Rural development generally refers to the socio-economic development of the people living in the rural areas. When we say rural areas, it can be defined as a geographical location that is situated away from towns and cities. Such areas are generally sparsely populated and have lesser number of facilities. And because of less number of facilities these people are uneducated and not lack of knowledge.

### **A Report on Plastic Free Area Programme**

Plastic free campaign was observed as per the guidelines by Savitribai Phule Pune University under programme 'Swachata Hi Seva' to eliminate use of single use plastic and spirit of cleanliness

As a part of this programme Plastic free campaign was carried out in college on Wednesday, 20/09/2019 in the college campus. NSS volunteers and T.Y.B.Pharm students were involved in mass cleaning and collection of plastic waste in the premises of the college. Awareness campaign about swachata and elimination of single use of plastic was carried out by organising a rally on awareness by the students.

Students were distributed in groups in different parts of colleges in groups where they collected all the plastic waste. All the plastic waste like bottles, carry bag and plastic material was collected and brought to a central location where it was finally collected by Nashik Municipal Cooperation. Around 65 students and NSS volunteers were involved in the activity.

The activity was led by Prof. R. Y. Ghegade (NSS Programme Officer) and Prof. S. S. Boraste (Student development officer). Students were served snacks after the programme.

### Report on Kerala relief fund

The Kerala Relief Fund was initiated by the college students and staff to provide assistance and support to the people of Kerala who suffered from devastating floods. It was the worst flood in Kerala in nearly a century. Over 483 people died, and 15 are missing. According to the Kerala government, one-sixth of the total population of Kerala had been directly affected by the floods and related incidents.

The students and staff collected cash money of **Rs 42000/-** along with food items, clothes and other necessary things for the relief of flood victims. The collected things were submitted to Board of student Development, Savitribai Phule Pune University which was to be sent to Kerala state by the university.

This initiative not only addressed immediate needs but also created awareness and inspired others to actively participate in similar endeavours. The dedication and spirit demonstrated by these students serve as an inspiration to other students, highlighting the importance of community engagement and social responsibility.

**Dengue and Malaria Awareness camp (Matori Village Nashik)**

The campaign on awareness of Dengue and Malaria at Matori village was organised by our college on 10<sup>th</sup> January 2019. The people of village gathered at community hall of the village. Information related to dengue and malaria was given to people. After the programme students of our college started from the grampanchayat office to different parts of the village. Students during the rally gave different slogans related to cleanliness, proper disposal and storage of water.

The Objective of the camp was to raise awareness about the prevention and control of dengue and malaria within our village community. By educating residents about mosquito-borne diseases, promoting preventive measures, and encouraging community participation, we can work together to create a mosquito-free environment and safeguard the health of our community.

Some key information to people during the camp.

1. : Educate the community about the role of mosquitoes in transmitting dengue and malaria.
2. Prevent breeding sites: Eliminate stagnant water sources, such as uncovered containers, tires, to prevent mosquito breeding.
3. Use protective measures: Encourage the use of mosquito repellents, bed nets, and protective clothing to reduce mosquito bites.
4. Seek early medical care: Encourage immediate medical attention if symptoms of dengue or malaria are observed.
5. Collaborate as a community: Promote collective efforts in maintaining a clean and mosquito-free environment.
6. Mosquito Surveillance and Reporting: Encourage community members to actively report mosquito breeding sites to the local health department.
7. Raise awareness about the importance of early detection and timely reporting of suspected cases.
