A Report on Lecture on General Health and Hygiene

Gokhale Education Society's Sir Dr. M. S. Gosavi College of Pharmaceutical Education and Research, Nashik, organized a session on Health and Hygiene.

Dr. Chetana S. Dahivelkar, Gynecologist, Nashik, was invited for the session. The session was organized on, 10/2/ 2018 at the seminar Hall of the college. All B. Pharm students-girls were present for the session for developing their life skills.

Dr. Chetana S. Dahivelkar focused on General Healthcare and Personal Hygiene in her lecture. She emphasized General Healthcare and Personal Hygiene.

The speaker started her session with What is hygiene and by interacting one to one by asking questions like What is healthcare? What is the need to know & maintain hygiene? Madam gave examples of patients. A balanced lifestyle and coping strategies can help you maintain hygiene. Issues that cause stress cannot always be resolved but changing your expectations of a problem may help. Ultimately untreated stress can lead to serious illness. She explained the various solutions to health problems. In the end, she cleared the doubts of students who asked questions. The session was very enthusiastic and fruitful for all the participants. The session ended with a vote of thanks given by Mrs. S. P. Shelke.

A Report on Lecture on General healthcare and personal hygiene

Gokhale Education Society's Sir Dr. M. S. Gosavi College of Pharmaceutical Education and Research, Nashik, had organized a session on General Health Care and Personal Hygiene

Dr. Chetana S. Dahivelkar, was invited for the session, which was organized on, 1st Sep 2018 at the seminar Hall of the college. B. Pharm students were present for the session as they need to develop life skills

Dr. Chetana S. Dahivelkar focused and emphasized General Healthcare and Personal Hygiene. The speaker started her session with what is hygiene and by interacting one to one by asking questions like what is health care. What is the need to know & maintain hygiene It is necessary or not? Sir has given examples of patients. A balanced lifestyle and coping strategies can help you maintain hygiene. Issues that cause stress cannot always be resolved but changing your expectations of a problem may help. And ultimately untreated stress can lead to serious illness. He has explained the various solutions for that. In the end, he has cleared the doubts of student's questions. The session was very enthusiastic and fruitful for all the participants. The session ended with a vote of thanks given by Mrs. S.P. Shelke

A Report on the guest lecture on Toxicology Testing

Gokhale Education Society's Sir Dr. M. S. Gosavi College of Pharmaceutical Education and Research, Nashik, had organized a session on Intellectual property rights

Dr. Pralhad Wangikar, was invited for guest lecture which was held on Sep 22, 2018 (Saturday), in the college's lecture hall. All B. Pharm students attended the session since they needed to learn toxicology testing.

The Session started with a warm welcome from speaker Dr. Pralhad Wangikar, chief executive officer of PRADO, preclinical research and development organization. He is a veterinary pathologist & a diploma from the American Board of Toxicology (DABT). He is having 16 years of experience in preclinical safety evaluation in the pathologist. The speaker started her session with What is a drug and by interacting one to one by asking questions like What is drug-drug interaction? What is the need to study drug-drug interaction? What is a toxicology study? It is necessary or not? Sir has given examples of patients. A balanced lifestyle and coping strategies can help you avoid toxicity. Issues that cause stress cannot always be resolved but changing your expectations of a problem may help. And ultimately untreated stress can lead to serious illness. He has explained the various solutions for that. In the end, he has cleared the doubts of student's questions. The session was very enthusiastic and fruitful for all the participants. The session ended with a vote of thanks given by Mrs. S. P. Shelke

Ms.Rucha Kuthiala answers the question by students.

A Report on Nutrition and Immunotherapy

Gokhale Education Society's Sir Dr. M.S.Gosavi College of Pharmaceutical Education and Research, Nashik, organized a session on nutrition and immunotherapy.

This session was organised on, 08/03/2021 on Google meet online mode. B. Pharm students were present for the session. The speaker started her session with What is nutrition and by interacting one to one by asking questions like What is the immune system? What is the need to study immunotherapy? What is needed to study? It is necessary or not? Sir has given examples of patients.

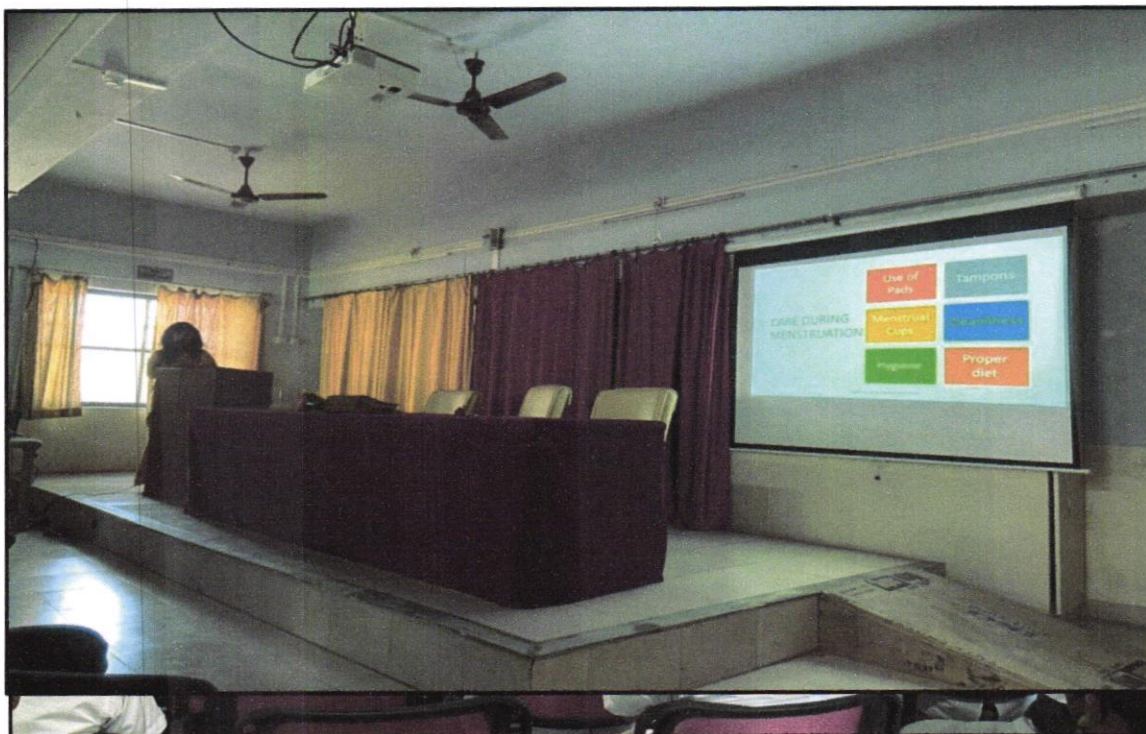

Ruchu ma'am enlighten the points that Immunotherapy, also known as immune-based therapy or biotherapy, is a type of medical treatment that uses the body's immune system to fight diseases, including cancer, autoimmune disorders, and certain infections. It works by stimulating or enhancing the body's immune response to target and destroy abnormal cells or substances that are causing the disease. She also explain the diet and nutrient which will help to boost the immunity. The session was ended with vote of thanks given by Dr. Harak.

A Report on Guest lecture on Healthcare

Gokhale Education Society's Sir Dr. M.S.Gosavi College of Pharmaceutical Education and Research, Nashik, had organized a session on Health Care

The Session started with the warm welcome of speaker Dr. Nivedita Pawar, Gynecologist, and all the S.Y. B. Pharm, S.Y. D. Pharm students. Dr. S.V. Amrutkar, has felicitated Dr. Nivedita Pawar. Ms. D. D. Bhanadri Assistant Professor introduced briefly about the speaker. Ma'am has explained Women's health refers to the physical, mental, and emotional well-being of women. It encompasses a range of issues that are specific to women, such as reproductive health, pregnancy and childbirth, menopause, breast and ovarian cancer, and other health conditions that affect women more frequently than men. The session was very interactive and students were satisfied with the question-answer session.

She has explained the various solutions for that. The session was very enthusiastic and fruitful for all the participants. The session ended with a vote of thanks given by a student of S.Y. B. Pharm Mr. Prasad wadgule.
